# Lied Irwin Library Summer Reading Program completes a week of adventures with "Find Your Voice"

Making Puppets.

Designing Quilt Squares.

Mr. Runyon playing the flute.

Making Rain Sticks.

On July 18<sup>th</sup> the Manilla Public Library at the Summer Reading Program had 46 kids present. The book, "Miss Brooks Loves Books!" was read by Laurie. The craft for the day was decorating refrigerator magnets by using glue, markers, and glitter on purchased wooden plaques. Snacks were provided by The United Church in Manilla.

"Find Your Voice" was the theme at the Lied Irwin Library summer reading program this past week. We averaged 22 amazing and eager readers each day. Each day a book was read about using your voice or how other people or things use their voice. On Wednesday, Jean Ferry came to show us some of her beautiful quilts

and how stories are told through their designs. IKM-M High School band director, Mr. Runyon, brought in several musical instruments and demonstrated their voices. Then we turned around and listened to identify which instrument was played.

We also went on a listening walk to hear the voices of the town and of nature. Each story was followed by a fun craft and a snack that related to our story.
