Gas leak near downtown Estherville causes more detours

If traveling the main thoroughfares of Estherville hadn't been enough of an issue with construction on Highway 9 West and beginning soon on Highway 4 South, a gas leak forced traffic to detour on Highway 4 North on Tuesday in Estherville. Around 11 a.m. that day, a gas leak was reported at Second Avenue North and Highway 4. Black Hills Energy was already on site and the Estherville Fire Department followed shortly thereafter. By 11:30 a.m., the Fire Department ordered additional barricades to keep traffic off of the highway up to Fifth Avenue. Firefighters and utility workers could be seen gathered around a hole at the site. Estherville Fire Department training officer Tori Nemethy is seen here unrolling a hose as chaplain Doug Burton stands ready to assist.
