

Crash ends with utility pole collision

BY SHAWN DIGITY
sdigity@iafalls.com

On Wednesday, Oct. 5, at around 7:22 p.m., 66-year-old Lynn F. Copp of Iowa Falls was involved in a single-car accident that ended with a telephone pole collision. Iowa Falls Police Department reported to the scene and found the man after he veered off the right side of the road and hit the utility pole with the front of his 2022 Chevy Equinox.

Responding officers arrived near Iowa Falls' Zoske's Sales & Service and tended to the driver, who had been traveling south on Oak Street away from Iowa Falls.

While police made contact, Copp "seemed to be disoriented and did not appear to know what was happening." After the EMS' arrival, responders "determined that the driver had low blood sugar." The Iowa Falls EMS transported the man to Hansen Family Hospital, and during a follow-up with city police, he stated that he remembered going to the car wash but nothing afterward. Copp also informed police that he was "a Type 1 diabetic," but nothing like that had ever happened before. As a result, the police department filed the Thursday night incident as a "diabetic emergency."

Police also estimated that the collision caused an estimated \$2,000 worth of property damage; there was only one involved vehicle, and the accident only had one impact. The crash was enough to deploy both front airbags, and a tow was arranged by the police officers. ■
